Summer means it's time to go off and fly the fun flag. In the XT23, you've got room for 16 and a plethora of plush seating, including the awesome flip-up transom seats. DECKadence custom flooring runs bow to stern, and overhead your Klipsch speakers crank concert quality sound atop the ZFT4 tower. The action behind the boat is nonstop thanks to the Gen 2 Surf System and a robust 2600 pounds of ballast.
