URL: https://silversands.com/1998-fountain-powerboats-27-fever-high-performance-boat-Nemp.html		

Price	\$46,900.00
-------	-------------

Description

1998 27' Fountain Fever. 502 Merc recently rebuilt. Less than 40 hours on new motor. New interior and cockpit flooring. Latham steering, K planes, underwater lights. \$49,900

Powerboat Magazine named it "Boat of the Year", you'll call it the perfect way to join Team Fountain. Preferred power is a 502 MPI, which pushes the needle near 70 mph. No shortcuts here. Owens Corning multi-stitched fiberglass, vinylester resin and high-density foam coring help keep the shape true and create a solid yet soft-riding feel in even the most adverse water conditions.
